Letter from the President

Dr. Scott R. Carson, President

The pages that follow relate the information necessary to acquaint you with what Southeastern Baptist College has to offer you. This information pertains to our programs, policies, and personnel. Yet, nothing short of actually experiencing life at Southeastern Baptist College will convey the warm and friendly atmosphere that is created by our staff and students. In fact, friendliness has become somewhat of a trademark with us. We do not claim this boastfully, but humbly report what those who have come our way have told us. Should you decide to experience Southeastern for yourself, we pledge to do everything possible to make you feel the same about us.

Mission

Our mission as a biblical higher education provider is to glorify God by providing quality post-secondary education from a biblical worldview in a Christian atmosphere. Training is provided on campus, online, and through extensions to help prepare people for their career choices. Southeastern Baptist College also seeks to train people who wish to receive the foundational courses of college curriculum in a spiritual academic setting. All courses are taught in such a manner as to integrate faith and learning, thereby giving due recognition to the God of all truth. Southeastern Baptist College seeks to serve the Christian community by offering a limited number of credit and non-credit courses to those who do not choose to pursue a structured program toward a specific degree or certificate.

Theme Verse

“I charge [thee] therefore before God, and the Lord Jesus Christ, who shall judge the quick and the dead at his appearing and his kingdom; Preach the word; be instant in season, out of season; reprove, rebuke, exhort with all longsuffering and doctrine.”
(2 Timothy 4: 1-2)

Targets

- Training Christian workers in preparation for meeting life’s challenges
- Implementing practical Christian experiences
- Presenting curriculum that emphasizes biblical studies
- Remaining convicted and dedicated to the truth expressed in the Bible

Vision

Southeastern Baptist College seeks to train people who wish to receive the foundational courses of college curriculum in a spiritual academic setting, with courses taught in such a manner as to integrate faith and learning, thereby giving due recognition to the God of all truth.

Institutional Goals/Strategies

SBC seeks to:

- Pursue continued growth in enrollment through intensified recruiting efforts.
- Enhance the college’s public image through continued and new public relations efforts.
- Increase revenue through continued appeals to traditional sources and initial appeals to new sources.
- Maintain high quality physical facilities and equipment as needed to accomplish our mission.
- Offer high quality educational programs through continued upgrading of academic programs and by the meeting of our across-the-curriculum educational objectives.
- Maintain an adequate library to support the courses being taught.
- Maintain high quality service to students through selective employment and continuing support of college personnel.
- Provide a positive educational experience for students through ongoing attention to student services.

Across-the-Curriculum Educational Objectives

Through its academic programs, Southeastern Baptist College purposes to:

- Provide an educational atmosphere that encourages spiritual growth and the development of Christian character.
- Provide instruction from a biblical worldview perspective, cultivating each student’s own worldview development.
- Increase each student’s knowledge, understanding, and application of the Bible.
- Equip students with knowledge and skills appropriate to their chosen field of study.

Curriculum

The academic programs at SBC are designed to meet our institutional mission and educational goals in the lives of learners. Programs of study are organized into the following curricular areas:

- **Division of Biblical Studies**
AA Bible, B.S. Church Ministries,
- **Division of General Education Studies**
General Studies Core; AA General Education
- **Division of Professional Studies**
Business Administration, [with offered concentrations in Sports Management or Management/Marketing]

Assessment of Student Learning

Evaluation tools are used at the program level and at the institutional level to assess whether or not learning outcomes are being met. The evidence collected is then analyzed and used to make academic program changes or improvements.

Doctrinal Statement

- The Trinity of God—The Father, the Son, and the Holy Spirit.
- The infallible and plenary verbal inspiration of the Scriptures.
- The Biblical account of creation.
- The personality of Satan.
- Hereditary and total depravity of man in his natural state involving his fall in Adam.
- The virgin birth and deity of Jesus Christ.
- Christ's blood atonement for fallen man. We believe Christ died for the sins of the whole world (John 1:29; I Tim. 2:4-6; Heb.2:9) that through His blood, atonement for sin is made without respect of persons. Anyone who will exercise repentance toward God and faith in our Lord Jesus Christ (Acts 20:21) will be saved. Although all men can be saved, some will reject God's redemption by exercise of their free will.
- His bodily resurrection and ascension back to His Father.
- The person and work of the Holy Spirit.
- Justification before God by faith without any admixture of works. All such justified persons are in the family of God.
- Separation of God's children from the world.
- Water baptism (immersion) to be administered to believers only and by divine authority as given to missionary Baptist Churches.
- The Lord's Supper, a church ordinance, to be administered to baptized believers only and in scriptural church capacity.
- Eternal security of the believer.
- The establishment of a visible church by Christ Himself during His personal ministry on earth; and His churches are not now, nor have they ever been, universal or invisible.
- World-wide missions according to the Great Commission which Christ gave His church (Matthew 28:19-20)
- The perpetuity of missionary Baptist churches from Christ's day on earth until His second coming.
- The right of scriptural churches to be held as equal units in their associated capacities, with equal rights and privileges for all.
- The subjection of all scriptural associational assemblies and their committees to the will of the churches, so that they shall forever remain as servants of the churches originating them.
- The separation of the Lord's church from all so-called churches or church alliances which advocate, practice, or uphold heresies and other human innovations which are not in harmony with the Word of God. Open communion, alien baptism, pulpit affiliation with heretical churches, modernism, modern tongues movement, and all kindred evils arising from these practices are unscriptural.
- The only valid baptism is that administered by the authority of a scriptural missionary Baptist church. Any so-called Baptist church which knowingly receives alien baptism, habitually practices this or other evils as those listed in statement 20 cannot be a scriptural Baptist church, nor can its ordinances remain valid.
- The personal, bodily, and imminent return of Christ to earth.
- The bodily resurrection of the dead.
- The reality of heaven, involving divine assurance of eternal happiness for the redeemed of God.
- The reality of hell, involving everlasting punishment of the incorrigible wicked.
- We believe in absolute separation of church and state.

HISTORICAL SKETCH

At the 1947 annual session of the Baptist Missionary Association of Mississippi, the messengers unanimously approved the establishment of a church owned and operated college. At a special called mid-year meeting, a motion was adopted to appoint a subcommittee to draw up a workable resolution to be presented to the messengers at the next annual session.

The resolution of this committee to begin a junior college with a Bible department was adopted by the Baptist Missionary Association of Mississippi on October 19, 1948. Seven trustees were elected and empowered to select a faculty, devise a curriculum, and find appropriate facilities. The first classes began September 27, 1949, in the educational facilities of Parkview Baptist Church, Laurel, Mississippi, with the following officers and faculty: President, D. N. Jackson; Dean, L. T. Simmons; Instructors, O. F. Parker and J. B. Coats.

The first junior college program was offered in 1955. Ten acres of land, located just north of the Laurel city limits on Highway 15, was purchased the same year. The Administration Building, which contains several classrooms, was erected in time for the fall semester. Two dormitories were constructed in 1957 and 1958, respectively. An additional ten acres, adjoining the first ten, was purchased in 1967.

Other buildings on campus include the gymnasium/auditorium, constructed in 1965; the campus faculty home (originally, the president's home), relocated and renovated in 1968; the president's home, constructed in 1972; and the A. M. Wilson Building, which houses the A. R. Reddin Memorial Library, completed in 1993.

On November 25, 1958, Southeastern Baptist College became a member of the Mississippi Association of Colleges and received provisional accreditation by the Mississippi Commission on Accreditation.

The liberal arts junior college was converted to a four-year Bible college in 1974. After gaining applicant status for accreditation with the American Association of Bible Colleges in 1979 and candidate status in 1983, Southeastern was fully accredited in 1988 and reaffirmed in 1994, and again in 1999. In June 2004, the American Association of Bible Colleges changed names. The new name is Association for Biblical Higher Education (ABHE). The ABHE Commission on Accreditation reaffirmed the accreditation of SBC in 2009. The accreditation review held in 2019 reaffirmed the accreditation standing for ten years to the year 2029.

Admissions Requirements & Policies

Entrance Requirements

Southeastern Baptist College selects candidates for admissions from applicants who give evidence of knowing the Lord Jesus Christ as their personal Savior, have sufficient academic ability to pursue college-level work, moral character, personal integrity and the desire to pursue educational programs that are infused with biblical content.

These qualities are evaluated by considering each applicant's academic record, test scores, and recommendations.

Application for Admission

All prospective students must complete an application for admission and submit the required admissions processing fee.

High School Record

Southeastern Baptist College requires an official transcript verification of graduation from a school providing secondary education or the recognized equivalent of such a certificate (GED – General Equivalency Diploma) for admission as a degree-seeking student. Students educated in a home school setting will be recognized as meeting this requirement as long as their home school has met the home school laws of their state. Students who graduated but did not maintain a cumulative GPA of 2.0 or higher during high school may be admitted on Academic Probation.

Students must submit an official transcript of courses and grades from their secondary school. Students who are admitted prior to high school graduation [extended credit] are required to submit a final high school transcript listing their graduation date after graduating. **All transcripts must be sent directly from the school by security coded email or delivered in a signed and sealed school envelope.**

Entrance Tests – ACT or SAT

Satisfactory scores on the American College Testing Assessment Program (ACT) or the Scholastic Assessment Test of the College Entrance Examination Board (SAT) are required of all applicants to the freshman class and transfers who, at the time of application, have not completed at least 24 semester hours of college credit post high school graduation. Southeastern's code for the ACT test is 2241 and the code for the SAT test is 1781. Students receiving an ACT score under 18 or an SAT Score (new SAT test as of March 2016) of 940 may be admitted on Academic Probation. Exemption of the ACT or SAT may be granted to first year students who have been out of high school for more than two years and have not previously taken either test. **All test scores must be sent directly from the testing service or included on the official high school transcript.**

Reference Form

A reference letter must be completed by a church leader [not a relative] who knows the applicant well. Should the candidate not have a church home, he/she may obtain 2 personal references [not a relative]. Email addresses may be submitted on the application of admission for convenience. Forms will be emailed to references listed on the application for admission requesting submission of references. It is the responsibility of the applicant to notify each reference listed and ensure that the reference form is completed. Letters written outside of the application process may be emailed to admissions@southeasternbaptist.edu

College Transcripts

SBC requires all applicants to submit official transcripts of any college coursework taken prior to attending Southeastern Baptist College whether or not credit was earned. This includes first year students who have taken college courses while in high school and transfer students. If a transfer student does not have an incoming cumulative grade point average (GPA) of at least 2.0, the student may be admitted on Academic Probation and will be eligible for academic assistance through the Academic Success Center [ASC]. The student must produce a 2.0 GPA for the first semester at SBC in order to be removed from Academic Probation. Should the 2.0 not be achieved, the student may make an appeal to the Dean of Academic Affairs for continuance. **All transcripts must be sent directly from the college or delivered in a signed and sealed school envelope to the Office of Admissions. The Office of Admissions also accepts transcripts through secure e-script transmission at admissions@southeasternbaptist.edu**

Immunization Records

Southeastern requires that all applicants provide a copy of the Form 121 with needed boosters (Tdap and Meningitis vaccines needed) as part of the process for admissions

To verify adequate financial support, all international applicants (including citizens of Canada) must complete and submit the Certification and Declaration of Finances form along with all support documents to the Admission Office. Students who cannot provide adequate documentation of financial resources to cover their expenses will not be admitted. To save the student incurred expense, SBC offers the opportunity to take courses on-line to enable credits to be obtained while remaining in their resident country.

High School Students enrolled in Extended Credit

High School students who have completed their sophomore year in high school may apply for admission as a Southeastern Baptist Jump Start Student and enroll in college-level courses at Southeastern Baptist College while also enrolled in high school. Such students may take up to 18 semester credit hours at a reduced tuition rate (contact Admissions). Students who do not meet the academic standards for normal admission may be admitted on Academic Probation and Academic Assistance will be determined on a case-by-case basis. This program is designed to help students succeed academically and may include regular meetings with a Faculty Advisor and the Dean of Student Affairs. Documented study hours may also be required.

All documentation of disabilities is considered personal health information, and thus, falls under the privacy protection of HIPPA. Disabilities are not considered during the admission process at SBC, and no disability information will appear on transcripts or other documents (other than health records).

FINANCIAL AID

General Regulations

Southeastern Baptist College is committed to the principle that no student should be denied a Christian education because of financial limitations. Therefore, the college makes every reasonable effort to assist students in obtaining any assistance for which they qualify.

All financial assistance offered by SBC is administered in conjunction with a nationally established philosophy of distributing financial aid. The basis of this philosophy is the belief that the student and his or her parents have the primary responsibility for

paying the cost of education and that financial aid from the college is available only for meeting the difference between the cost of education and the amount the students and parents can reasonably be expected to contribute. The financial aid package offered depends upon the student's academic record and need for assistance.

The **Pell Grant** is the foundation source for all other aid programs. All applicants for any campus-based assistance must complete an Application for Federal Student Aid. This application should be presented to the financial aid office for processing through the computer system provided by the U. S. Department of Education. The application should be submitted to the financial office as soon as possible but at least two weeks prior to registration. No other financial assistance can be awarded until the student's eligibility for the Pell Grant is determined.

The student's financial aid package:

- may not exceed the actual cost of tuition, fees, dorm room, or other educational expenses incurred by the student
- may not consist of benefits concurrently from more than one campus-based financial aid program
- is awarded to a student who is enrolled at least half-time. Students attending less than half-time may be eligible for Pell Grant or a tuition discount depending on enrollment status.

Students receiving financial aid from sources other than Southeastern Baptist College must advise the financial aid office of the amount and source(s) of such aid. Each student receiving financial aid must remain free from any academic and/or disciplinary probation in order to continue in the program.

Verification Policy

To receive the Pell Grant benefit, all information must be verified as required by law; therefore, the financial aid office will verify the information required by law on all financial aid applications that have been selected by the federal processor. In addition to these selected, any other application that appears to have conflicting information may be selected by the college financial aid office to be subjected to the verification process.

I. Supplying Verification Information

Each student whose application has been selected for verification will be required to complete a U. S. Department of Education Verification Worksheet and provide supporting documentation.

II. Processing and Payment of Aid

Disbursements of Federal Pell Grant monies will not be made until all admission and financial aid requirements are met. If the student does not provide the information before the stated deadline, full payment for the semester will automatically be required. Changes made to any award as a result of additional information received after the verification process is complete will be adjusted on subsequent semester payments. The student will be notified of any such changes by the financial aid office either in person or by telephone. Should information need to be corrected, the student will be required to submit appropriate documentation to complete the verification process.

III. Notification of Verification

Students who are selected for verification will be notified in person, by phone, or in writing by the financial aid office and information needed to complete the verification process will be requested. Information concerning the following items will be needed:

1. Household size
2. Number family members in college
3. Parent and/or student adjusted gross income
4. Parent and/or student U.S. income tax paid
5. Untaxed income and benefits - may include:
 - a. Tax exempt interest income
 - b. IRA/KEOGH payments
 - c. Earned Income Credit
 - d. Social Security

- e. Child support
- f. Due to the fact that Southeastern has many students who are in church related fields of service, the number of untaxed benefits provided in church related work is also verified. Such items would include:
 - 1.Housing allowance funds
 - 2.Rental value of housing provided
 - 3.Utilities provided
 - 4.Any insurance paid by church
 - 5.Retirement funds
 - 6.Any other benefits provided

The student is responsible to supply truthful and accurate information requested by the financial aid office before the stated deadline in order to complete the verification process. Should the information needed for verification not be submitted by the student, no Federal Pell Grant will be awarded, and the student will be responsible for immediate payment for the semester.

Any student who fails to **withdraw officially** will forfeit any refund. No refund will be given when a student withdraws from one or more classes but does not withdraw from all classes after the close of late registration, the end of the second week of the semester.

Part-time students who audit certain courses will be charged the audit rate per hour. These fees are payable at registration. Please see the Student Fee Schedule for credit hour charges.

Graduation, Transcripts, and Indebtedness

Any student who is delinquent in the payment of fees, or against whom the college holds a record of indebtedness, will not be given a diploma/certificate, certificate of scholastic standing, or a transcript of record until such indebtedness has been fully paid. Yearbook

The Yearbook program is a scholastic journalism program designed to create a print monument to what God has done at Southeastern Baptist College each school year. Participating students gain experience in desktop publishing, including writing, photography, layout, and leadership.

Church attendance: Southeastern views church attendance as a crucial part of a student's life and desires for each student to grow in fellowship with other believers. Southeastern is committed to the application of New Testament church principles in the full scope of church life. Active participation of each student in a local evangelical church is required, at a church of the student's choosing. If you need assistance in finding a church, please see campus personnel; we will help you find one. Students will be asked to confirm that they have selected a church to attend weekly through the Student Ministries Program.

STUDENT MINISTRIES

The goal of Student Ministries at SBC is to grow each student in their ability to know, understand, and serve the Lord in their local church, their ministry, their community, their personal life, as well as their professional career of choice. To achieve this goal, SBC has designed programs to meet students where they are and move them forward toward this goal through educational and practical opportunities. These opportunities may include Bible study groups, group projects, individual projects, as well as community service opportunities. Students will be guided and tracked in their progress while under the leadership of a competent faculty member. Student Ministries will be required of all full time students at the school as well as those on-line.

Program Description:

Student Ministries mission is to grow students in their foundational beliefs, developing the whole student in their Christian walk. Bible study groups will serve as a catalyst for this development. Through integrated, community building service projects, students will learn while serving others the importance of missions and spreading God's love to others. Student Ministries course work is pass/fail and required by all full time students on campus and on-line. Local or community church attendance is encouraged throughout the semester. Students will:

- Complete one **FLLF** service project per month as approved by the Dean of Student Affairs
- Complete **Biblical** and **Spiritual Growth** Surveys
- Weekly attendance to **Chapel** with follow up assignments
- Participate in assigned **Bible Study/Blog**

On-line full time students will complete the above described requirements as well. All assignments will be provided on line through Populi with accommodations being made. On-line students will be expected to view the recorded information and complete the assignments as presented.

MI 123 Mission Field Experience [Bible Elective]

This class will afford students opportunities to participate in summer missions and enhance practical learning experiences while receiving 2 credit hours. The requirements of this class may be met through multiple avenues. Students are expected to pay all personal expenses for respective trips. All mission experiences must be pre-approved by the Dean of Student Affairs.

Students may seek opportunities for these mission trips through the Christian Ministries Seminar:

- Coordinate with the local BMA Missions Office to work with a mission trips/opportunity in the state of Mississippi
- Coordinate with their home church or other associational mission trips
- Work in a church/Christian camp

- Attend a VSM trip
- Coordinate with National BMA a missions trip within the United States

Upon completion of the mission trip, students will write a reflective paper (1000 words or more) and complete a presentation to the school's academic leaders describing the cultural differences of the people on the mission field and how these obstacles were overcome to share the word of God. Students will also reflect on their time spent in the given area and how it helped them grow in strength and knowledge of the Lord.

Chapel

The chapel program is an essential part of the educational experience at Southeastern Baptist. Each chapel seeks to enhance Christian life and character by encouraging the discipline of corporate worship and addressing issues from Christian living to current events. They also serve as a strategic time to develop the Southeastern campus community and become in-formed of campus life. Chapel attendance is recorded on student transcripts as Pass/Fail. Students must pass Student Ministries each semester of full-time attendance in order to graduate. Those full-time students classified as 'on-line' students, are also expected to participate in Chapel by means of on-line viewing and following by responding to the same assignments as described in the Chapel Attendance section that follows.

Chapel Attendance

Chapel is held ONCE a week, Tuesday, and is required for all full-time students (12 credits or more). In addition, there is a required conference each year listed below as Christian Ministry Seminars. One absence from chapel is permitted each semester. Attendance at all chapels is recorded by means a sign-in sheet as a student enters the chapel service. Chapel assignment instructions will be given before departure and will be expected to be completed/returned through POPULI by the assigned week. Incomplete work is not acceptable and may lead to a failing chapel status. Students must attend the entire chapel in order to receive credit. If students leave early or arrive more than 5 minutes late, they will not receive credit. Any dispute over Chapel attendance more than two weeks old will not be considered. Therefore, students should track their own attendance throughout the semester. *Full-time, On-line students are held to the same assignment expectations as stated for on-campus students.*

Tardiness for chapel is handled in the following manner:

- One to five minutes is considered late.
- Three late offenses during the semester is counted as one absence.

Chapel Requirement Not Met

The following steps will be taken if a student does not meet the chapel attendance requirements noted above:

- Students accumulating 1-3 absences over the number allotted, may make-up chapel requirements by listening to a podcast issued by the Student Affairs Office and writing a three-hundred-word reflection response paper for each absence.
- Students found leaving chapel should expect to be held accountable through disciplinary processes from the Student Affairs Office.

FLLF Training

SBC purposes to develop servant-leaders, equipped for service, ministry, and vocation based on *Matthew 20:16, "So the last shall be first, and the first last: for many are called but few are chosen."* The **First Last, Last First [FLLF]** Training program provides each student the opportunity to develop as a servant-leader through engagement in service to the church and the community. Students are encouraged to participate in regularly-scheduled service opportunities in church and parachurch settings and in the broader community. All **FLLF** activities must be approved by the Dean for Student Affairs.

Each student must complete a minimum of 1 **FLLF** hour per month.

Student Life Requirements

Standard of Conduct

Southeastern's students are expected to practice holiness of life and give themselves fully to their prescribed course of study. The school reserves the right to ask any student to withdraw whose presence is not conducive to the best development of the student himself/herself or to that of the school.

Students should be aware that when wearing clothing articles such as shorts, dresses, or skirts, all should be of an appropriate length [rule of fingertips—place hands to sides, clothing should not come above where fingertips fall]. Clothing should not display political, profane, or inappropriate slogans/terms.

For this purpose, all students are required to have their identification cards on their person at all times when outside the residence hall to which they have been assigned by the institution. The same regulations apply to students who are domiciled elsewhere. ID cards are used for identification of students in case of accidents, emergencies, or cases where students are suspected of involvement of violations. Lending this card to anyone or failure to present it when requested by authorized personnel is a violation of college regulations.
- Forgery, alteration, or misuse of college documents, records, or ID cards. Students falsifying admission records may be denied admission to the college.

- Disorderly conduct or breach of the peace including rioting, inciting a riot, assembling to riot, inciting to raid, and assembling to raid college units.
- Possession of firearms, explosives (including fireworks), swords, daggers, straight razors, knives, dangerous chemicals or other weapons on campus or in automobiles in campus parking areas.
- Knowingly issuing a false report of a bomb, explosive, firearm, dangerous chemical or other weapon, or knowingly activating a false fire alarm.

Student Life

- Refusing to report to an administrative office when requested to appear.
- Vandalism or malicious destruction, damage, or misuse of public or private property, including library materials.
- Theft, larceny, embezzlement, or the temporary taking of the property of another.
- Violation of campus curfew or violation of campus quiet hours.

- Violation of state, local, or federal laws.
- Student conduct which shows disrespect and significantly interferes with college teaching, research, administration, disciplinary procedures, or other activities, including public service functions or other authorized activities on college premises.

In addition to these rules and regulations, all state laws pertaining to any act which, if committed within the State of Mississippi, would be criminal and punishable will also be criminal and punishable on campus, as authorized by Chapter 105, Section 37-105-9, Mississippi Code 1972.

This Code of Conduct is not and does not attempt to be totally comprehensive. All students are expected to conduct themselves on and off campus in such a manner as to reflect the highest ideals of themselves and the college.

In cases of serious infractions, it is at the discretion of the Office of the Dean for Student Affairs to hear the case or refer it to the Student Life Committee.

Residence Rules:

Housing is a privilege, not a right of attendance. All Rules of Conduct are magnified in consideration of living on campus. Our goal is a safe and secure 'home' environment extending to the SBC family. Nightly curfew during the Monday – Thursday week is 11:00 pm, and 1:00 am on weekends, meaning that all residents are to be found securely in the dorm facilities. SBC Personnel will make random checks to enforce this policy. A student found to be late or absent will meet disciplinary action. One infraction is a written warning. On the second infraction, a disciplinary meeting is held. On the third infraction, possible dismissal from the dorm. Should circumstances beyond the control of the student hinder from being on time, the student should notify the Resident Assistants. For additional information concerning housing, see the SBC Housing Handbook.

Student Concerns

Student Concerns Procedure

The Student Concerns procedure is designed to assist in resolving problems for students who may be having difficulties with a faculty member, staff member, or another student. It is the teaching and expectation of Southeastern Baptist College that students follow the principles of Matthew 18 for confronting an issue, but if the student concern cannot be resolved through informal discussion with the individual involved, a student may choose to have the issue investigated and judged in a formal setting through the Student Concerns Procedure.

In the event you believe that you have a concern, you should follow the procedure outlined below.

- Initial contact should be made with the Dean of Student Affairs. Explain your grievance and give the opportunity to investigate and attempt to bring satisfaction. If your problem is with the Dean of Student Affairs, initial contact should be made with the President.
- Should the Dean of Student Affairs be unable to settle the situation to your satisfaction, contact the President of the College.
- If attempts by the President to alleviate the problem fail, contact the chairman of the Board of Trustees of the College. His name, address, and phone number can be obtained from the President of the College and/or from the annual yearbook of the Baptist Missionary Association of Mississippi.

- If the action of the Board of Trustees is not to your satisfaction, you may make a final appeal to the Association for Biblical Higher Education, 5850 T G Lee Blvd, Suite 130 Orlando FL 32822 | 407-207-0808.

Grievance Policy/ Formal Complaints

It is the desire of Southeastern Baptist College to adhere to the accreditation standards of the Association for Biblical Higher Education (ABHE). Also, the Mississippi State Approving Agency [SAA], is the approving authority of education and training programs for Mississippi. This office formally investigates complaints of GI Bill beneficiaries. While most complaints should initially follow the school grievance policy, should the situation not be resolved at the school, the beneficiary may contact the SAA office via email at saa@msva.gov.

If issues arise causing a student to question the college's adherence to the standards of ABHE, the following procedure should be followed. A student wishing to lodge a formal complaint must do so in writing to the following:

Academics

Calendar and Unit of Credit

The SBC academic calendar is based on the semester system. The academic year consists of fall and spring semesters of approximately sixteen weeks each and a summer term that encompasses one 4-week session [at the discretion of the college].

The college utilizes the Carnegie Unit as the basis for the credit hour with 50 minutes of instruction with transitional and/or break time equating to one hour. Credit hours are assigned based on the specific learning objectives and expected outcomes of the course. Generally, one unit of credit represents a total of three hours of in-class and out-of-class work per week. For traditional delivery methodologies, one unit of academic credit equals:

- 1 hour of lecture or seminar and two hours of study per week;
- 2 hours of laboratory, studio, or similar activities and one hour of study per week;
- 3 hours of laboratory, studio, or similar activities per week;
- 3 hours of supervised independent study per week; or
- 45-75 total hours of supervised clinical or fieldwork experiences in a given semester (additional preparation time may be required).

As standard policy, the college also offers all degree and non-degree courses through online instructional delivery with course schedules that align with on-campus semesters.

Credit Hour Load

The normal or average academic load is 15-16 hours per semester. A minimum of twelve hours a semester must be maintained to be considered a full-time student. A maximum load of 18 hours per semester is allowed. Exceptions may be requested from the Dean for Academic Affairs.

Classification

Students are classified as follows:

- Freshman: High school graduate or equivalent
- Sophomore: Completion of 30 semester hours and 30 grade points
- Junior: Completion of 60 semester hours and 60 grade points
- Senior: Completion of 90 semester hours and 90 grade points

Full-Time Student: 12-18 credit hours

Part-Time Student: Less than 12 credit hours

Attendance Policy

Students are expected to fully participate in the academic and spiritual programs at SBC. Attendance is required in all classes. Students unable to attend *for any reason* are expected to communicate with instructors in person, by email, or by phone message **prior** to the absence. Students are responsible for keeping record of all absences.

The college recognizes two types of absence—personal and administrative. **Personal absences are for personal issues such as illness, family events or challenges, emergencies, etc. They should not be viewed as “skips.”** Administrative absences are approved, college-initiated absences such as sporting events, field trips, recruitment trips, etc. The number of personal and/or administrative absences allowed without penalty is noted in the chart below.

Classes	Personal Absences	Administrative Absences	Total Absences
Twice a week	2	4	6
Once a week	1	2	3

Students suffering from extended illnesses must provide a doctor’s excuse to be considered for additional excused absences without penalty.

Personal absences that exceed the number noted above may result in reduction of the final course grade by 2% per *class hour*. **This may result in failure of the course.** Students consistently arriving late, leaving early, or sleeping in class may also have final grades reduced as determined by the instructor. **REMINDER: CELL PHONES ARE NOT TO BE VIEWED DURING**

CLASS UNLESS DEEMED NECESSARY BY THE INSTRUCTOR. CELL PHONE USE CREATES BEING DISTRACTED FROM INSTRUCTION LEADING TO 'BEING PRESENT BUT NOT PRESENT' which may also have final grades reduced as determined by the instructor.

Tardiness Policy

Tardiness to class is unacceptable. Three tardies is the equivalent to one absence. If a student is late to class, it is his/her responsibility to consult with the instructor after class to have the absence changed to a tardy. Classes missed due to change in a student's class schedule or late registration will be recorded as an absence, unless authorized by administration.

The following appeal process has been formed to deal with attendance matters:

LEVEL 1: Appeal is made to the Dean of Academic Affairs. If the matter is not successfully resolved, the student may appeal to the second level.

LEVEL 2: Appeal is made to the SBC President. If the matter is not successfully resolved, the student may appeal to the third and final level.

LEVEL 3: Appeal is made to the SBC Board of Trustees. The decision of the Board will be final.

Administrative absences that exceed the number noted above will be counted as personal absences. Athletes, particularly those playing more than one sport, are encouraged to save personal absences to be used in addition to administrative absences for away games.

Students whose absences exceed the total absences noted above will fail the course. Students are accountable for all missed work due to absence. If absence occurs on days when exams are given or other assignments are due, work may be made up in the case of **administrative** absence or at the discretion of the instructor.

Audit of Courses

Any student who wishes to attend a class without earning college credit must register as an auditor. An auditor is not responsible for course requirements such as papers, projects, or examinations but is expected to attend class regularly. Students may not change course status from credit to audit or audit to credit after the drop/add period (usually the first two weeks of the semester) without approval from the Dean for Academic Affairs. Students whose absences exceed 30% of the class meetings will not be allowed to continue auditing the class. A course taken for audit will not apply toward graduation. Students wishing to audit a class must fill out the Audit request form (available for download on the SBC site), and secure permission from the instructor before registering. Instructors may limit the number of auditors in their courses. **FULL-TIME STUDENTS MAY AUDIT ONLY ONE COURSE PER SEMESTER.** Audit charges will apply if the total number of credits, including the audit, exceeds 18 credits.

Directed Study Courses

Some courses at Southeastern Baptist College may be completed as Directed Study courses. Directed Study courses may be accessed for the following reasons:

- Scheduling challenges due to unavoidable course conflicts or transfers from other colleges/universities.
- Extraordinary circumstances including prolonged illness, family-related issues, etc., that may necessitate leaving the residential campus for an extended period.
- The desire to complete research or guided study in a particular discipline agreed upon by the student and an instructor.

To access a Directed Study course, the student should download a **Directed Study form** from <https://southeasternbaptist.edu>, and then discuss the course request with the appropriate instructor. Approval of the request is at the discretion of the instructor in consultation with the Dean for Academic Affairs. The form needs to be completed, signed by the student, instructor, and Dean for Academic Affairs and returned to the Registrar.

Students wishing to take a Directed Study course should declare their intent as soon as possible (when course schedules for the next semester are published). This will allow the instructor time to prepare necessary materials for the course. The instructor will provide a schedule for the completion of assignments, projects, and examinations in a dated course syllabus. Students must complete the work within the agreed-upon time frame. Extension requests may be granted at the discretion of the instructor.

College Level Examination Program (CLEP)

SBC accepts up to 18 credits of College Level Examination Program (CLEP) credit as administered by The College Board. College credit will be given for *subject* exams only, and only for those subjects that are comparable to SBC courses. CLEP credit will not exceed the credit given for a comparable course at Southeastern Baptist College. Acceptable scores vary with each exam. The incoming student should request that The College Board send scores directly to the SBC Registrar's office. The SBC

school code is 2241. **Current students planning to take CLEP subject examinations to meet program requirements should seek preapproval from their academic advisor.**

Transfer Credits While Enrolled

Students taking courses through other institutions to meet SBC requirements must seek approval for all such courses prior to registration for those courses. Proposed courses must be equivalent in content. All transfer policies apply as published in the Admissions section of the Academic Catalog. Courses with grades below C (or a grade-point below 2.0) are not transferable. Total credits received in transfer cannot exceed 15 credits for a certificate, 30 credits for an associate degree, or 60 credits for a bachelor degree. Please check the Final Credits policy below and specific program requirements for more information.

Academic Integrity Policy: Cheating/Plagiarism Policy Statement

Dishonesty in the completion of assignments, papers, presentations, examinations or any other academic work is contrary to biblical principles of Christian living and is unacceptable at SBC. Southeastern Baptist College expects students to complete all academic work with integrity. Students are responsible to complete all of their own work

Plagiarism is “the deliberate presentation of another person’s ideas or words as your own, or the failure (intentional or unintentional) to cite the source of your ideas.”

Examples of plagiarism:

1. The words, sentences, ideas, conclusions, examples, and/or organization of an assignment are borrowed from a source (a book, an article, another student’s paper, tapes, etc.) without acknowledging the source.
2. A student submits work done by another student—in part or whole—in place of his or her own work.
3. A student submits assignments received from commercial firms or any other person or group.
4. A student knowingly aids another student in plagiarizing an assignment as defined above.
5. A student submits work in which the style, language or grammar has been altered by any one besides the writer.

Other violations of academic integrity include unauthorized collaboration, violation of the conditions under which the work is to be done, fabrication of data, and excessive revision by someone other than the student.

Cheating, plagiarism, or other violations of academic integrity will result in academic penalty, which may include failure of the assignment, exam, or paper, failure of the course, and further disciplinary action brought by the Student Disciplinary Committee. The Dean for Academic Affairs and the Dean for Student Life will be notified.

Class Withdrawal Policy

Drop/Add – Week 1

Students may add or drop a course without penalty and without a record on their transcript during the first week of the term.

WP/WF – Weeks 3-11

Students may withdraw from a class during weeks 3-11 of a course with a grade of WP (withdraw passing) or WF (withdraw failing). The instructor indicates whether the student is passing or failing at the time of withdrawal. This grade appears on the student transcript to show that the credits were attempted but not earned. This grade does not affect the GPA. This type of withdrawal requires the signature of the instructor, the Registrar, and the Dean for Academic Affairs. **Class Withdrawal forms** are available for download on Populi at <https://southeasternbaptist.edu>

Grade of F – Week 11-16

Students dropping a class after the 11th week of class will receive a grade of F. This F will appear on their transcript and will affect GPA. To add or drop a course after the 11th week, students should fill out the **Drop/Add form** available for download on Populi at <https://southeasternbaptist.edu>

Incomplete

Students may request a grade of I (Incomplete) if they are unable to complete course requirements on time due to circumstances beyond their control. If you wish to request an Incomplete the following procedure should be followed:

1. The student must initiate the request. Print out an **Incomplete Grade Contract** on Populi on <https://southeasternbaptist.edu>
2. If the faculty member grants your request, he or she will complete the form, give you a copy, and provide a copy for the Registrar.
3. You will have up to 4 weeks from the last day of finals to complete your work.

Grade Appeal Process

Students who wish to dispute a final grade they have received in a course should use the following process:

1. The parties involved (student and instructor) shall discuss the problem and attempt to reach an agreement.
2. If a satisfactory agreement cannot be reached through discussion, a written appeal must be filed with the Dean for Academic Affairs within the first four weeks of the following semester for semester-long courses. The Dean will discuss the issue with both parties and seek a resolution.
3. Should efforts toward conciliation be unsuccessful, the Dean will call the Academic Committee to review the appeal. The decision of the Academic Committee will be deemed final.

Course Grade Requirements

In order to establish strong academic development:

1. All students must have a grade of 'C' in EN-131 English Composition I, in order to progress to take EN-132 English Composition II or higher level EN classes.
2. Students entering SBC with an ACT math score of 17 or higher, may proceed to take MA-131 College Algebra. Should the student possess any ACT math score lower than 17, he/she is required to take and pass MA-130 Mathematics Literacy with a grade of 'C' before taking MA-131 College Algebra.

Repeat of Courses

Students may elect to repeat a course in which they have earned a C, D, or F. Students may repeat a course in which they have previously received a failed grade (F) as many times as needed to successfully pass the course. Students may repeat a course one time in which they have previously earned a C or D. Additional course repeats or repeats of higher earned grades must receive approval from the Dean of Academic Affairs prior to enrollment.

When a course is repeated, the highest grade will be used to calculate the current and cumulative GPA. Each course attempt will remain on a student's transcript with the original grade, but will be marked with an R to indicate the course was repeated, and the lower grade will not be calculated in the student's GPA. Students will be charged the current tuition rate for each credit repeated course.

Change of Major

Students who wish to change majors must submit a completed **Change of Intent form** to the Registrar. The form requires signatures from the program directors of both the new major and the current major. Forms are available on Populi:

<https://southeasternbaptist.edu>

Grades, Grade Points, Credits

The following system of grading is used in reporting the quality of student work

Grade	Grade Points	Percentage
A	4.0	90-100
B	3.0	80-89
C	2.0	70-79
D	1.0	60-69
F	0.0	0-59
I	Incomplete	
W	Withdraw	
WP	Withdraw Passing	
WF	Withdraw Failing	

The Grade Point Average (GPA) is determined by dividing the total number of grade points by the total number of credit hours taken.

Academic Probation

A student will be placed on Academic Probation if his or her entering cumulative GPA is below 2.0, or if his or her GPA is below 1.5 in any given semester. To provide the student additional academic support, the following measures may be applied:

- Bi-weekly or regular meetings with the Dean of Student Affairs

- Bi-weekly meetings with an assigned faculty advisor
- Required engagement in the Academic Success Center study class
- Limitation of participation in athletics and intramurals
- Completion of **Time Management worksheet** to be filled out weekly
- Limitation of hours attempted

Withdrawal

Any student withdrawing from SBC must begin the process with an interview with the Dean of Student Affairs. In the interview, the Dean will communicate the necessary steps for withdrawal from the college.

Final Credits

To receive a degree from Southeastern Baptist College, students must complete a minimum of 30 required credits for an associate degree and 60 required credits for a bachelor degree at SBC. (See specific requirements for each academic program.)

Additionally, bachelor degree students must complete 24 of their last 30 credits at Southeastern Baptist College and must be enrolled at the college during the semester in which the degree will be conferred. (If a policy exception is granted by the Dean of Academic Affairs, the graduate must submit a letter of reference from an evangelical church leader regarding church attendance, service and ministry, and Christian character.)

Transcripts of Record

Upon written request, students may obtain official copies of their permanent records from the Registrar. Requests should be accompanied by \$10.00 for each copy desired. Transcripts cannot be processed without a completed and signed Transcript Request form. The forms can be downloaded from Populi or the SBC website. <https://southeasternbaptist.edu>

Additional Major

A person who holds a bachelor's degree from Southeastern Baptist College may complete an additional major by fulfilling the following requirements:

- Be readmitted to Southeastern Baptist College;
- Earn at least 30 hours beyond the granting of the original degree in residence at Southeastern Baptist College;
- Complete all requirements for the additional major. If previous courses satisfy some of the major requirements, the department will designate courses from other areas that will enhance the major.

Family Educational Rights and Privacy Act of 1974 (FERPA)

The Family Educational Rights and Privacy Act of 1974 (FERPA) sets forth requirements which govern the access to and release of educational records, and the right of students to inspect and review their records. FERPA allows institutions to release information from a student's record without the written consent of the student to school officials who have "legitimate educational interest" and who need access to the information to fulfill their professional responsibility. A school official is a person employed by the college in an administrative, supervisory, academic, research, or support staff position, including law enforcement unit personnel and health staff.

Students have three primary rights under FERPA: (1) the right to inspect and review their education records; (2) the right to seek to amend education records; and (3) the right to have some control over the disclosure of information from their education records.

Directory Information

Unless students have requested that their directory information be listed as confidential through the Office of the Registrar, information designated as Directory Information may be disclosed without the consent or knowledge of the student. Directory information at SBC includes the following information:

Student's name	Participation in officially recognized activities and sports
Date of birth	Weight and height of members of athletic teams
Marital status	Previous institutions attended
Photo	Academic program
Addresses	Degree(s) and certificate(s) earned
Telephone information	Honor(s) and award(s) received
Email addresses	Graduation date
Dates of attendance	

Students who wish to release confidential academic or financial information to a parent, guardian, or other interested individual must complete a **FERPA Disclosure form**. All forms must be authorized by the student and returned to the Business Office. Completed forms will last for the duration of the student's enrollment at SBC unless otherwise notified by the student.

A copy of The Family Educational Rights and Privacy Act (FERPA), in addition to questions concerning additional student's rights, can be obtained from the Office of the Registrar.

Academic Life Requirements

Bible Reading

All certificate graduates must complete the Bible-reading requirement, a reading of the entire Bible during one academic year. This is usually accomplished through completion of required reading in Old Testament Survey 1 & 2 and New Testament Survey. Bible reading must be completed by the first day of final exams.

English Composition Requirement

Degree-seeking students must earn a minimum grade of C in English Composition (ENG 101) to pass the course. Ordinarily, the course will be completed within the student's initial 30 credit hours at SBC. Course withdrawal is rarely granted, and only when a formal request is submitted to the Dean of Academic Affairs for approval.

Southeastern Baptist College is committed to ensuring that graduates are well prepared to serve in their chosen fields of study. To that end, the College has established an outcomes assessment plan for each one of the programs. Specific program objectives are listed. These objectives are assessed through the collection and analysis of data from students and faculty members. Through outcomes assessment, the College is better able to ensure that it is achieving what it sets out to accomplish through its divisions of study.

CURRICULAR PROGRAMS

Southeastern Baptist College offers programs of study leading to degrees and certificates. These programs are designed to meet the needs of students preparing for Christian vocations (both professional and paraprofessional), or for those who wish to get their basic college education in a Christian college which provides spiritual and academic enrichment along with continuing education.

The administration of the college strongly recommends that students working on a degree take lower level courses before more advanced courses. Freshmen are not allowed to take courses numbered in the 300's and 400's, without the exceptions made only by the Dean of Academic Affairs and with the permission of the instructor of the college involved. To eliminate scheduling problems, the suggested schedule should be followed as much as possible.
